

2.03 Market Economy Discussion Scoring Guide

Total Points: 20

Go to the 2.03 Market Economy Discussion and write a post that provides an example of a product you use that has been made better or cheaper by competition. For example, you may specify how cars have increased gas mileage or added more features, or how the price/features of iPhones have changed due to the introduction of Android phones.

Be sure to reply to at least one other post. You can add to your classmate's posts by citing another competitor in the same sector or other ways this product was improved by competition.

Scoring Guide:

- **10 points for original post that fully addresses the prompt**
- **10 points for responding to your classmates**
