# 2.02 Distance to the Goal Discussion Scoring Guide

---

## **Total Points: 10**

Visit the **2.02 Discussion: Distance to the Goal**. Answer the question: If your team has the football on its own 40-yard line, what is the distance your team must travel to make a touchdown?

Post how you came up with your answer and how a penalty on the next play might affect the distance to the goal line. Then read the responses of two other classmates. Critique their answers, including pointing out mistakes or additional information to support their answer.

### **Scoring Guide:**

- **Initial post containing the answer to the question in Tab 1 = 5 points**
- **Response to 2 classmates' posts = 5 points**
