

1.02 Theatre Budget Discussion Scoring Guide (15 points)

It is now time to compare your work! In the previous task, you created a budget for a production of Sun Dried. Now you will be given a chance to compare your proposed budget with a classmate's. Go to the **1.02 Theatre Budget Discussion** and upload your budget for your classmates to review.

Next, you should find a classmate's budget to look over and comment on; look for a classmate whose budget has not been given feedback yet. In your review, be sure to discuss how realistic you believe your classmate's budget to be. Once a classmate has reviewed your own budget, reply back to his or her viewpoint.

When participating in an online discussion, you should use formal, standard English and obey all conventions of punctuation and spelling. Avoid abbreviations or symbols used in texting, messaging, or informal conversation.

Scoring Guide:

- **Reviewing a classmate's budget: 10 points**
- **Replying to your classmate's review of your own budget: 5 points**
