

We Teach Alabama

ALABAMA STATE DEPARTMENT OF EDUCATION

2024 COLLEGE BOARD AP SUMMER INSTITUTE

in-person sessions sponsored by the Alabama State Department of Education

AP Summer Institutes offer the most thorough professional learning available for AP educators. Attendees engage in 30 or more hours of content-rich training from College Board consultants designed to strengthen how they teach their AP courses.

At your Summer Institute, you will:

- Explore each section of the course and exam description, including the unit guides, while making connections to the course curricular requirements
- Begin to develop a course plan by unit and topic that incorporates the full scope of your AP course into your school's academic calendar
- Examine formative and summative assessment items to identify content and skill pairings that are the targets of these assessments and create lesson plans to reinforce content and skill connections
- Practice applying the scoring guidelines from the most recent AP Exam to samples of student work
- Identify student strengths and weaknesses using data available through AP Classroom and Instructional Planning Reports
- Explore ready-to-use strategies, instructional materials, and pedagogical tools pertinent to the content and skills required for success in your AP course
- Develop meaningful connections within the AP community

College Board Registration Information

Registration Link:

<https://bit.ly/ALSDECollegeBoard2024>

You must be registered with College Board and in PowerSchool to be admitted. Sessions are on first-come basis until filled.

Registration: All participants must register for the workshop to ensure that they receive the needed materials, feedback survey, and CEU certificate. Please register through the links above by the following deadline: May 31, 2024. Instructions on how to register with College Board may be found here: [How to Register for a Private Workshop](#). Use the course # above in PowerSchool to register for ALSDE CEUs.

Event Communication: Once participants register with College Board, they will receive a confirmation email from workshopreg@events.collegeboard.org. In addition, they will receive subsequent information regarding the event from the same email address. Do not accidentally delete the emails; check spam folder for the correspondence if necessary.

Contacts

For more information, contact Dr. Michal Grant Robinson by email at mrobinson@alsde.edu and/or Ms. Amanda Dykes by email at amanda.dykes@alsde.edu.
